INTRODUCTORY.

ALBANY, N. Y., *December 31, 1909.*

This publication is a schedule of purchases of lands in the forest preserve counties. It shows the date of each purchase, the names of the vendors, the land acquired, the amount paid, and the number of the certificate of purchase in connection with the acquisitions since the creation of the Forest Preserve Board in 1897.

This information is compiled for reference in land purchase work and use in the legal and general administrative work of the department.

Title to land for the Forest Preserve is acquired by purchase direct from the owners, by sales for unpaid taxes, by foreclosure of mortgages to secure loans from the United States deposit fund, the resale of lands bonded as security for payment of money due the State and by condemnation proceedings. The State has some land, the title to which is "original," that is the State has owned the land from its organization as a State.

The first lands purchased were in 1866, in Clinton county, for State prison purposes. This was nineteen years prior to the creation of the Forest Preserve and such of those lands as are in the towns of Altona and Dannemora do not belong to the Forest Preserve. It is doubtful whether some of the lands in adjoining towns belong to the preserve, as in 1894 a law was enacted which provided that all uncultivated State land within ten miles of the Clinton prison should be retained for the use of the prison. Prior to 1885 about 800,000 acres had been acquired by tax sale, but it was the policy of the State to dispose of the land when possible, as a tax sale is solely for the purpose of obtaining funds for State government purposes. The Board of Land Commissioners therefore made sales whenever a reasonable price was offered.

In 1883 a law was enacted which prohibited the sale of any State land in the counties of Clinton, Essex, Franklin, Fulton, Hamilton, Herkimer, Lewis, Saratoga, St. Lawrence and Warren. By subsequent acts the counties of Oneida, Washington, Delaware, Greene, Sullivan and Ulster were added to the list.

The Forest Preserve was created by the Legislature of 1885 (chap. 283), and included all the State lands in the counties named above excepting Delaware and Washington. These two counties have since been added, making sixteen in all.

In the year 1892 the Adirondack Park was established. The boundaries have since been changed; a full description will be found in section 35 of chapter 24 of the Laws of 1909. In 1904 the Catskill Park was created by act of the Legislature; a description may be found in section 36 of the Forest, Fish and Game Law.

The first appropriation for buying land for the Forest Preserve was \$25,000 in the year 1890, to be expended by the Forest Commission. The next appropriation for the purpose was in 1895, of \$600,000, and was used by the Fisheries, Game and Forest Commission.

In 1897 a special board known as the Forest Preserve Board was created by chapter 220, to purchase land for the Forest Preserve or to acquire by "condemnation" proceedings, and appropriations for the purpose were made from time to time until the Board was consolidated with the Forest, Fish and Game Commission in 1901.

Purchases of land were suspended from 1902 to 1904, but are now made by the Forest Purchasing Board, which consists of the Forest, Fish and Game Commissioner by virtue of his office, and two commissioners of the land office to be designated by the Governor. Acquisitions must be confined to land within the Adirondack and Catskill Parks or adjoining the same.

This tabulation shows the lands purchased or acquired by condemnation proceedings to be as follows:

	Acres.	Consideration.
Adirondack Preserve	800,811.33	*\$3,651,989 67
Catskill Preserve	50,018.52	110,106 32
